Business Remote Deposit

Business focused.

IDEAL FOR BUSINESSES WHO:
- Have single or multiple locations
- Have moderate check deposit volume
- Want to use the convenience of a Web-based service for check deposits

BENEFITS:
- Submit deposits from the convenience of your office, on your time 24/7
- Deposit money into your account faster by submitting checks as you receive them
- Consolidate deposits into your account regardless of where your offices are
- Secure access through your existing Business Online Banking account

FEATURES:
- Simple and secure Web application for creating electronic deposits
- Scan up to 100 checks per deposit
- Advanced technology recognizes and reads the amount of the check
- Web-based item research, deposit status, and consolidated treasury management reporting
- Data export for third party accounting or archiving systems

United Federal Credit Union values our Business Members and we are always seeking ways to help satisfy your business needs. Business Remote Deposit (BRD) is an established service that provides you with a more convenient and efficient way to make deposits. Simply scan checks directly from your office and electronically deposit them into your business account. Business Remote Deposit offers an easy-to-use, innovative technology that not only saves time and money by eliminating costly and inconvenient trips to the branch but also allows you to easily and securely prepare and deposit checks 24 hours a day, 7 days a week.

Business Remote Deposit from United Federal Credit Union is a full-function, Web-based Remote Deposit Capture application suited for businesses with single or multiple locations that have a moderate check deposit volume. Businesses using BRD will benefit from the simple-to-use check capture process and advanced centralized reporting. Additionally, businesses will have a more efficient deposit preparation process and automated collection of valuable payment data.

Minimum System Requirements:
- Pentium III GHz CPU (Intel dual processor supported)
